NO. 52.

MISCELLANEOUS NEWS.

During the year 1878 forty-eight railroads were sold under foreclosure, representing \$151,616,700 of capital stock, and \$160,014,500 of bonds and debt.

Fall River, Mass., is said to have received a number of emigrants from the English cotton manufacturing districts, and the same is reported of other New England cities.

The Irish Skirmishing Fund now amounts to \$77,497, but the contributions have been light of late. The Irish World acknowledges the receipt of only \$21 during the past week.

George Washington Childs, A. M., is a skillful pianist, and he and Tony Drexel play duets together by the hour. At such times many a heart-rending elegiac stanza is composed.

The largest houses in England are West, Earl Cowper's; Wentworth, Earl Fitzwilliam's; and Knobe, Earl Delaware's, where there are five acres of roof. The largest in Ireland is Gosford, Lord Gosford's, in Armagh, and in Scotland, Drumlanrig.

The United States, says the Catholic Times, with their Catholic population estimated at from 5,000,000 to 9,000,000, have not more than thirty-five Catholic publications worthy of the name, and the proportion of Catholics who subscribe for Catholic papers does not number one in seventy.

The Thomas Paine Memorial hall in Boston was built by means of contributions. James Lick, the California millionaire, gave \$20,000, and the whole amount raised was about \$60,000. The four trustees are now quarreling among themselves, and serious accusations of misappropriating the fund are made.

Some effort is being made to clean New Orleans in order to prevent a return of yellow fever, but not a great deal has been thus far accomplished. The city has no underground drainage, the sewers being used to carry off the sewage, which is imperfectly pumped over the levee into the river. A recurrence of the plague next summer is predicted by many of the physicians.

The money annually spent in maintaining the Protestant churches of Boston is \$1,500,000, as calculated by the Boston Herald, leaving works of charity out of the account. The Congregationalists, including Trinitarians and Unitarians, head the financial list, and the Episcopalians come next. Even the Baptists are ahead of the Methodists, who are so strong throughout the rest of the country.

THE TOANO TAR BUCKET.

It Causes a Man to Get Killed.

(Like Independent.)

We gave an account last Saturday of the tramp, known as the Kid, who had been treated to a dose of tar and feathers at Toano, for stealing some \$90 from one of the railroad boys. The punishment he received caused him to kick over \$60 of the money. He was then given twenty minutes to leave town in, which he did double quick time, not, however, without swearing vengeance on those who had punished him. He returned to town at night and set fire to two buildings, but was espied and caught before he could get out of the town and placed in a box car for safe keeping, preparatory to bringing him to this place. He made his escape from the box car and was again seen, but would not stop on being told that he would be shot at, which was done, and as the shootist's aim was good the "Kid" kicked the bucket.

Lynching in California.

Wednesday morning some one called at the door of the court-house at Bakersfield, California, and was answered by jailor Reed, who was requested to open the door. Mr. Reed refused, when the door was forcibly broken and seventy-five men entered. The jailor was ordered to throw up his hands, which he did. The keys were demanded, but refused. Search was made and the keys found. The mob entered the cells containing Thomas and William Yeakum, and lynched them by hanging them in the cells. William Yeakum was chained to the floor of the cell, and as the chain could not be loosened he was hung with it on his feet. He was shot several times after hanging him. The Yeakums were in jail for the killing of Johnson and Tucker at Long Tom more than a year ago. William Yeakum had his trial and was convicted of murder in the first degree, and the supreme court ruled last week that he should have a change of venue, and his case was moved to Fresno county. The mob were all masked but five.

Chasing the Free Colner.

Silver State.

Sheriff Miller with a squad of Indians, were at last accounts, in hot pursuit of Frank Schallata, the alleged counterfeit, who jumped from a car window at White Plains while being taken to Carson, and escaped. The Indians were put on his trail at the railroad and followed his tracks in the direction of Pyramid Lake. It is scarcely possible for him to evade his pursuers any great length of time, as they know the country and he does not, and it is probable that he has been captured ere this.

Dr. Mintie's Nephreticum.

Dr. MINTIE'S Nephreticum works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back and loin are cured when all other medicines have failed.

See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and the English Dandelion Pills:

"We have sold a large amount of Dr. Mintie's medicines; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."

John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:

"We regard Nephreticum as the best Kidney and Bladder Remedy before the public."

All Druggists keep these medicines.

For all derangements of the Liver,

Use Dr. Mintie's English Dandelion Pills.

For Bilelessness and Dyspepsia,

Use Dr. Mintie's English Dandelion Pills.

For Fever and Ague,

Use Dr. Mintie's English Dandelion Pills.

Every family should keep the English Dandelion Pills on hand.

Dr. Mintie's Remedies will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended.

A "STOCK" REPORT.

The Reno GAZETTE (we might say
 the Tar Flat GAZETTE, if we were in-
 clined to be personal) like all other
 country papers published in the ex-
 clusive farming regions of the Pacific
 coast, is exceedingly jealous of the
 mining interest, and, of course, de-
 rives a great deal of satisfaction from
 the depreciation of silver; but it
 should bear in mind that a few miles
 from its door is the great Comstock
 lode, which gives Reno a market for
 its rutabagas and pumpkins and hay,
 and that if the mines of the Comstock
 were shut down that market would be
 destroyed; the goose, that lays the
 golden egg for Reno would be as dead
 as a door nail, and Reno itself be only
 an insignificant railroad station, un-
 able to support even so poor a daily
 newspaper as the GAZETTE, and such a
 quiet steady little village that even
 the tar and feather industry, for which
 the place is principally distinguished,
 would be destroyed through lack of a
 population to work on.

The above bears the ear-marks of
 little Freddy Hart, and adorns the
 columns of the *Stock Report*, a
 blanket sheet, the most interesting
 matter in which, is the assessment no-
 tices it publishes. No other man
 could crowd so much idiosyncrasy and
 untruth into so few words of bad En-
 glish. The GAZETTE is not published
 in an "exclusively farming region,
 and is not exceedingly jealous of the
 mining interest." On the contrary,
 there are many mines in its neighbor-
 hood which it has labored earnestly to
 get capital to take hold of. It is a firm
 friend of the mining interest proper,
 but is no friend of such mining as the
Stock Report and its patrons princi-
 pally engage in—extracting coin from
 the pockets of stockholders by assess-
 ments. And further, the GAZETTE
 does not believe that 83 cents of Ne-
 vada silver is worth 100 cents of Cali-
 fornia gold, and will not advocate
 such a dishonest doctrine just because
 it happens to be published in Nevada.
 Of course the Comstock lode was de-
 veloped just to give Reno a market
 for her rutabagas and hay, and we are
 afraid to say much lest the mine own-
 ers ruin our market by shutting down
 the mines. To be hostile to the
 scheme of a clique of silver kings to
 make 83 cents worth of silver, by leg-
 islative enactment, equal to 100 cents
 worth of gold, when coined, does not
 mean hostility to mines or mining. If
 silver is to be made a legal tender, let
 a dollar of it contain a dollar's worth
 of silver.

A GOLDEN OPPORTUNITY.

If Reno allows the Oregon railroad
 to be built from any other point but
 here she will lose the northern trade.
 There is a great country between the
 desert line and Oregon, which, when
 it once fairly fills up, will have an ex-
 ceedingly valuable business and which,
 added to Reno's trade nearer home,
 will easily support a city of ten thou-
 sand people. If a road runs north-
 west from any point in central Nevada
 a large town will build up in Sur-
 prise or Goose Lake Valley, which
 will help divide the commerce of that
 country with the towns on the overland.
 With a railroad from here the busi-
 ness would be almost entirely cen-
 tered here. Even if a road goes in
 from Winnemucca a branch to Reno
 would be a good thing, but we be-
 lieve fully that if any road at all is
 built it can be secured for this place.
 The route is by all odds the best.
 There is no scarcity of water, timber
 is in sight of the line the whole dis-
 tance and the country is full of mines,
 salt marshes and perhaps a dozen un-
 discovered sources of wealth. A road
 from Reno will carry every pound of
 freight and every passenger that a
 road diverging further east would,
 and besides would be a good route
 from California to Oregon. This is
 an opportunity too good to lose, and
 we shall be greatly disappointed if
 our live, intelligent business commu-
 nity allows it to slip. Great cities
 have been built in impossible places
 by brains and energy. We have all
 the natural advantages, and with a
 minimum of effort will be the great
 city of the interior.

Ladies need no longer labor under
 the necessity of sending away for their goods.
 I can meet the demand of all in goods and
 prices.

THE DANCE OF DEATH.

Hanging of Troy Dye and Edward An-
 derson for the Murder of A. M.
 Tuilla.

The following brief account is
 clipped from the special dispatches to
 the *Virginia Chronicle*:

At 11:50 the condemned were noti-
 fied to prepare to leave their cells.
 The white robes and black caps and
 the straps were placed on the scaffold.
 At 11:55 the prisoners were notified
 to prepare for the scaffold. The wit-
 nesses and invited sheriffs and officers
 were admitted to the jail yard to the
 number of about 75. Anderson came
 out of his cell smiling and self-possessed.
 Dye had to be supported on either
 side. At three minutes past twelve
 o'clock the prisoners ascended the
 steps of the scaffold, Sperry Dye kiss-
 ing Troy Dye as he left the jail door.
 The prisoners were strapped by the
 officers, the white shrouds pulled over
 them and the noose for each held in
 readiness. A. W. H. McEwen read a
 written statement concerning Ander-
 son's spiritual condition, also a state-
 ment written by Anderson, admitting
 the justness of the penalty. He ex-
 pressed a hope of reaching heaven.
 Dye meanwhile was growing weaker
 and weaker, and twice vomited. He
 was, however sane and knew all that
 went on. An assistant warned McE-
 wen to cut short his reading, which
 he did. McEwen then knelt and be-
 gan to pray, the ropes were adjusted,
 the black cap put on, and at 12:13 the
 cord was cut, the trap fell and the two
 culprits shot downward six feet. Their
 necks were broken by the fall, and in
 fourteen minutes they were pre-
 nounced dead. It was a most success-
 ful execution.

At half-past twelve the bodies were
 taken down, and at 2 p. m. a post
 mortem examination was held on Dye,
 and is in progress now.

To the Good People of Reno.

Having entered the field with the
 balance to extend for a share of the public
 patronage, it would perhaps be well at
 the start to state our claims to the above.
 I am not a sufferer by the fire, so claim no sym-
 pathy on that score. I believe it's the duty
 of the good people to give preference to old res-
 idents, provided all things are equal, but if
 Brown asks fifty cents for what Smith is
 willing to sell for twenty-five, on the grounds that
 he is loser by the fire and wants to get even,
 the trade will naturally go to the latter.
 Hence I say we have no claim on the people
 except on those who wish to economize.
 If you wish to buy your wife a fine silk dress
 by all means go to Emrich. If you want a
 suit of fine clothes go to friend Nathan's or
 Abrams', but if you want a "goose yoke," rat
 trap or jack knife go to Yankee Dodge's,
 where a dollar will buy a basketful. Recollect
 goods just as square as though sold over a
 marble counter. A child that can lie out the
 names of the articles wanted, can buy just as
 cheap as an expert.
 P. S.—Money will be refunded on all goods
 that do not prove as represented.

JOTTINGS.

Pleasant weather to-day.

Thomas Hitchcock is slowly improving.

The district court will convene again to-morrow.

Apricots have made their appearance in market.

Considerable lumber is passing through for eastern Nevada.

C. J. Brookins has a variety of fresh California fruits on hand.

There is a message in the Western Union telegraph office for J. B. Wallace.

The river has about got over its "high jinks." Its spring roar has degenerated into a gentle murmur.

Decoration Day was celebrated with appropriate ceremonies in Carson, Virginia and Gold Hill to-day.

Burchard & McClelland have received a splendid assortment of fine candies. Also some delicious bananas.

There was no observance of Decoration day in Reno. Probably somebody will take an extra glass of beer on the Fourth when it comes around.

Owners of hogs and cattle had better be careful about letting them run in the town limits. Constable Avery says he is going to put all found at large in the pound.

Constable Avery has received the printed tag for tax-paying dogs. Dog owners had better come up with the tax, if they don't want them to die by the hand of the corporation Berge.

Wouldn't be Barred Off.

There was a war cloud no bigger than a fare layout in the Opera saloon last night, but it didn't storm. Big Bill came in and wanted to play at the faro game, but the dealer barred him off. This excited the ire of Extensive William and he went after his gun, but he was induced to forego any massacre for the present.

Chief Engineer's Car.

A special car with S. S. Montague, chief engineer of the C. P. railroad, and assistants on board, came up yesterday afternoon, and returned to Sacramento this morning.

Section of a Big Tree.

A Chicago, Burlington & Quincy car is lying in the C. P. yard here loaded with a cut of one of the California Big Trees, sawed into sections. It is destined for Chicago.

Man Shot in Virginia.

A man named Bropley shot an Italian named Joseph Demont, in Virginia last night. The wound will probably prove fatal.

Hot, cold and shower baths at all hours at Coleman & Peckner's, on Virginia street.

THE ROBERTSON FURNACE.

A Gazette Reporter Interviews John A. Robertson on the New Process.

On the corner of 31st and J streets, Sacramento, Mr. Robertson and his partner have erected a set of their patent electric works for reducing ores. These consist of a furnace and oven combined, a rock breaker, a bath, a pan and a settler. The patent covers the combination of chemicals and their application to the ores in a red hot state. The furnace is of the ordinary style—a fire arch opening at the top of the right side into a low, wide oven, 10 1/2 inches high, 24 feet long, 6 wide, with four port holes in each side, made flaring, so that a rake can reach every part.

A TON OF ORE

at a time is poured in at the end furthest from the fire, and rests there half an hour. It is then moved six feet by hoist, and a fresh ton takes its place. After half an hour it is moved another six feet, when it lies next to the fire for half an hour, and is then scraped through a hole in the floor of the oven into the bath which rests in a tank on wheels. The bath is made by dissolving one pound of bluestone and one pound of cyanide of potassium together, and enough of the solution to represent a pound of each to the ton of ore to be worked is put into salt brine sufficient to immerse the red hot ore. From the bath the ore is run into the amalgamating pan and ground around half an hour. Quicksilver is then added and amalgamated 30 minutes, and the whole drawn off into the settler. There is nothing out of the order of nature in reducing rocks to either liquid or powder by the aid of chemicals. All sorts of beautiful processes are known to scientists, and a great deal of money has been lost in trying to cast marble statues, center pieces, etc., and there has never been any difficulty in doing it, but no one would pay what they cost. That some one would hit

THE RIGHT COMBINATION is almost a certainty even if this is not the best one. In addition to dissolving the rock there still remains the necessity of chemical changes sufficient to free the precious metals when they are buried in lead, antimony, iron, etc. Mr. Robertson claims to oxidize the iron so that it is carried off in the liquor. The lead goes with the silver and reduces the value per pound. The antimony is driven off by the heat. It is as valuable as quicksilver and when freed from its affinity with other metals goes off in vapor. Sulphur, arsenic, verdigris and all forms of sulphurets are consumed by the potassium the same as tallow would be by concentrated lye. The bath is claimed to contain an electric charge which effects the ores instantly. The particles of metal are cleaned and brightened so as to have the greatest possible affinity for quicksilver. This will be plain to anybody who has ever studied a telegraph battery. The acids prepare the zinc for the quicksilver and it takes it up like paste. A great economy is effected by the destruction of verdigris, sulphur and arsenic the loss of quicksilver is reduced to a minimum, as these reduce it to its natural state and it floats off.

WORKS ARE BEING BUILT at Grass Valley. Two contracts have been made for Siskiyou county. One at Georgetown, Eldorado county, is being built now. Two in Arizona. Tuolumne county has been sold, but nothing done. Patents cover the United States, France, Mexico, New Zealand, Australia and Queensland, Canada, and British Columbia.

CONTRACTS ARE MADE on a basis of five per cent. royalty. It is useless to express any opinion on this business. There are a great many good miners in different parts of the country who take sufficient stock in it to give it a test, and to those our readers are referred. It is one thing to see rock about which a man knows nothing worked by the men who have devised the method and understand every part of it, and another to see the process working rock out of a mine run by men who have no interest in it except to get the metal out of the ore cheaply.

Indian Whiskey Seller Caught. Deputy United States Marshal McLane brought Bruce Baldwin here from Winnemucca night before last on a warrant issued out of the United States court, charging said Baldwin with selling whiskey to Indians. Marshal McLane left his prisoner here in charge of sheriff Walker, while he made a trip below on some other business. He will return Monday and take Baldwin to Carson.

Selling Indians Whiskey. Drunken Indians continue to be seen on our streets. Last night a GAZETTE reporter was accosted by an Indian in a beastly state of intoxication, who requested him to buy some whiskey for him. When the reporter refused, the bibulous red said he could get "plenty men to buy um." The practice of selling whiskey to Indians is becoming unbearable. The next person caught in the act will probably never regret it but once.

The Temperance Union Ball. The ladies of the Temperance Union are making grand preparations for their calico ball at the pavilion next Wednesday night. It will no doubt be one of the most enjoyable affairs of the season, and will be largely attended. Tickets are for sale in most of the stores.

The cleanest and neatest bath house in the state is kept by Coleman & Peckner, Barrett's block, Virginia street. Baths at all hours.

PERSONAL.

W. H. Davenport, a leading lawyer of Eureka is in town.

George C. Gorham went down to San Francisco on last night's lightning.

Gen. R. M. Clarke is in town, looking somewhat languid from his recent sick spell.

Hon. F. E. Fisk, of the Eureka Leader, passed through last night en route for home.

Senator William Deolin, of Eureka, was in town last night, and left this morning for Virginia.

Dudley McAdeu, advance agent for the Macauley troupe, left for Carson and Virginia this morning.

Johnny Skae, the well known stock operator, went down on the lightning train for San Francisco last night.

J. H. Bonner, supervisor of Modoc county, and a prominent merchant at Cedarville, is in town attending on the probate court.

W. F. Edwards returned last evening from a flying trip to Modoc county. He visited Cedarville and Alturas during his absence, and says everything looks thrifty up there.

Rev. Cephas Bateman returned from California yesterday. He was ordained at the Baptist convention, and will take charge of the pastorate here.

Prof. W. Frank Stewart returned last night from Paradise Valley, where he has been collecting information regarding the geological structure of the country, which he intends using in a prospective lecture tour through the east.

The Last Sad Rites.

Carson was yesterday the scene of one of the saddest funerals ever witnessed in that city—that of Hon. Harry Mighels. Promptly at one P. M., says the Enterprise, the remains of the deceased journalist, preceded by the Carson detachment of the Grand Army of the Republic, were carried to St. Peter's (Episcopal) church. The church was crowded to suffocation, while scores of people waited outside while the service was going on. Almost the entire population of Carson was present, while delegations from all the surrounding towns were in attendance. The state, United States and county officials of Ormsby county were conspicuous in the assemblage. The pall-bearers were Governor Kinkaid, Judges Hawley, Benaty and Harris, Captain E. B. Zabriskie, Messrs. Sessions, Byrne and Wright. The caquet was beautifully dressed with wreaths of flowers and crosses of evergreens. Rev. George R. Davis read the funeral service, and delivered a short and impressive sermon. An opportunity was given the friends of the dead journalist to take a last look at the remains.

Building Notes.

The frame work of Lake & Beck's new flouring mill is up.

Carpenters are laying the floor in the second story of Steele & Becker's building.

R. P. Chapin is building a residence on the south side of the river, near Mr. Kinkaid's house.

The finishing touches are being put on the Arcade hotel. It will be ready for occupation in a few days.

A gang of carpenters are rushing things on Scott & Kleser's new hotel on the old International corner.

The roof is being put on Hammond & Wilson's building, and work on other harts is being pushed lively.

The front of Wintermantel's building has been painted, and is now being penciled. Plasterers are busy finishing up the interior.

Something New.

The public will learn with sincere pleasure that the Great Eastern I. X. L. store will be thrown open to-morrow morning. This store has one price only, and every article sold is guaranteed to be as represented. Goods are just as cheap to the young as to the old at the Great Eastern I. X. L. store, building, Virginia street, Reno, next door to F. C. A.

The Mark Brown Case Again. Mark Brown, who, the readers of the GAZETTE will remember, was arrested some time ago on a charge of cheating Mrs. Mary Howard out of \$400, was to have had his examination before Justice Bowker to-day. A civil case was on trial pretty much all day, however, and nothing had been done in the matter up to the hour of going to press.

A Chinaman Beaten.

A crowd of men, who could be more properly designated as hoodlums, assailed a Chinaman on Plaza street about half past 8 yesterday evening, and some one struck him over the eye with a stone or stick, cutting a large gash. Some of the officers heard of the affair and came over, but did not find out who the parties were, nor make any arrests.

In Honor of Decoration Day.

The Reform club will hold a meeting at Kimball's hall this evening in honor of Decoration Day. There will be an original poem read, and several parties will deliver addresses. Everybody is invited to attend.

Dying of Fever.

Mrs. Longstreet, wife of the foreman of the carpenters who built the freight house, is dying in Sacramento of lung fever.

For the accommodation of the public, the bath house of Coleman & Peckner is kept open on Sunday until 4 P. M.

The bath house of Coleman & Peckner is the best in the State. Try them and be convinced.
